**Aaron Curtis** Chairman & Programme Manager

**Sue Lawrence** Secretary

**Andy Anderson** Treasurer

**Lucy Coppinger** Marketing & Comms Manager

**Doug Lawrence** Membership Secretary

The mission of Safety Groups UK is

**'To promote health and safety by supporting a thriving national network of health and safety Groups'.**

The organisation, established in 1947, and formerly called The National Health & Safety Groups Council is the co-ordinating body for the network of local Occupational Health and Safety Groups located throughout the UK.

## Member Companies

**Thames Valley Health & Safety Group**

*A thriving network promoting all aspects of occupational safety and health in the Thames Valley.*

## Group Programme 2018-2019

# Thames Valley Health and Safety Group

Our members represent organisations and individuals throughout the Thames Valley. We aim to give as much support as is reasonably practical to SME's in particular. The Group is fully committed to helping local businesses in complying with the law and reducing the number of deaths and accidents in the work place.

We meet every month between September and May at various member company venues throughout the Thames Valley.

Meetings are held on the second Tuesday of each month.

They usually start at 14.00pm with a presentation on a topic of professional health and safety interest, by a different guest speaker each month.

This is followed by a short wrap up and Q&A session.

A buffet lunch is available at 13.30pm providing an opportunity for informal networking.

**Aaron Curtis**  
Chair
