Skin, Skin

Skin skin, the stuff that you're in

Keep it protected, it's really quite thin

Chemical damage can lose you a lot

Lots of work days and the job that you've got

Don't let chemicals harm you – No way

Get some protection …, do it today!!

Milly, Liverpool College

Chemicals, Chemicals

Chemicals, chemicals are dangerous you know

They can scar and damage and how it will show

Make sure you're aware of burns and infection

Don't be a mug .., why not get some protection?

Risk assessments are everyone's dream

So, do you need gloves or barrier cream?

Keep yourself safe and check what you do

Doing it right, is all up to you!

Milly, Liverpool College

Chemicals and Skin

Don't let chemicals get onto your skin

It's best to prevent it from happenin'

You'll be blistered and sore

Not pretty for sure

You'll prob'ly lose work but might also lose more

John Mc

Beautiful skin

Skin, Skin it's beautiful Skin
If it wasn't for skin
We wouldn't be here

Don't have fun with chemicals
Keep them off the skin

If you work with chemicals
You need protection
Tool, gloves, cleanser and creams
Wash hands with cleansers and wish them with cream
John Mc

Going home healthy

Oh Yeah,   Oh Yeah,   Oh Yeah
I wanna (want to) go home healthy
I don't wanna be a history

Oh Yeah,   Oh Yeah,   Oh Yeah
I wanna (want to) go home healthy
I don't want to be a history

Oh yeah, lunger aloo , work's important, so's your lungs
Oh, Yeah, lunger aloo, don't fill your lungs with dust, fumes and vapours
Oh, yeah, lunger aloo, promise to use controls, to go home healthy

Oh Yeah, Oh Yeah, Oh Yeah
I wanna (want to) go home healthy
I don't wanna be a history

Oh, yeah, backer aloo, promise to love your back, ever more carefully
Oh, yeah, backer aloo, knowing how to lift, push, pull and carry, is to go home healthy

Oh, yeah, mint aloo, promise to be kind to your mental health,
Oh, yeah, mint aloo, how could you refuse to go home healthy

Oh Yeah,   Oh Yeah,   Oh Yeah
I wanna (want to) go home healthy
I don't wanna be a history
Bob R
