

Industrial: Task sheet B(i)

Name: _____

Asbestos: **Where it hides**

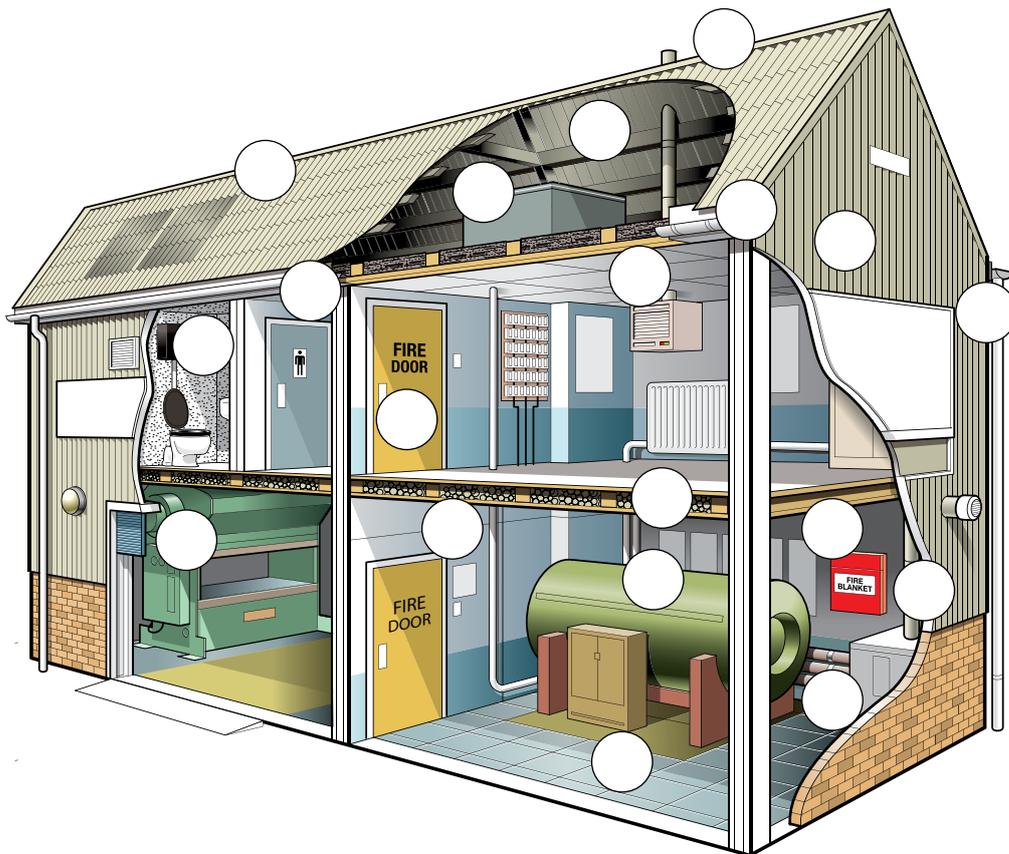

This is a diagram of a pre-2000 industrial building. Using what you have learned during today's lesson, mark where you think asbestos might be hiding. There are at least 18 hot spots to find.

Hint: For help visit www.hse.gov.uk/asbestos/building.htm

Industrial: Task sheet B(ii)

Name: _____

Asbestos: Where it hides

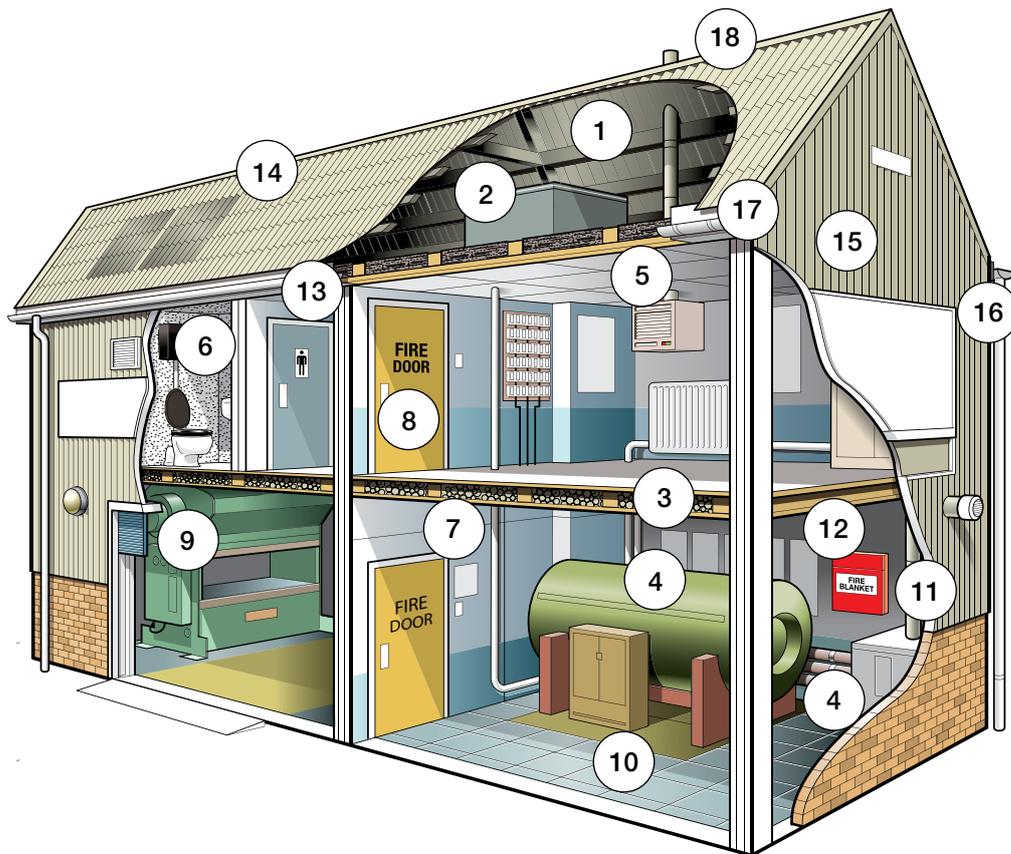

In this diagram of a pre-2000 industrial property, the blank circles are places where asbestos might be hidden. Using what you have learned during today's lesson, write in the circles the number that corresponds to the common hiding place in the list on the right.

Note: One number appears in two places.

- 1 Sprayed coatings on ceilings, walls, beams and columns
- 2 Asbestos cement water tank
- 3 Loose fill insulation
- 4 Lagging on boilers and pipes
- 5 Asbestos insulating board ceiling tiles
- 6 Toilet seat and cistern
- 7 Asbestos insulating board partition walls
- 8 Asbestos insulating board in fire doors
- 9 Asbestos rope seals, gaskets and paper
- 10 Vinyl floor tiles
- 11 Asbestos insulating board around boilers, storage heaters and warm air systems
- 12 Textiles e.g. fire blankets
- 13 Textured decorative coating on walls and ceilings e.g. Artex
- 14 Asbestos cement roof
- 15 Asbestos cement panels
- 16 Asbestos cement gutters and downpipes
- 17 Soffits - asbestos insulating board or asbestos cement
- 18 Asbestos cement flue
